Change of name and relocation of headquarters

Dear business partners,

Following our announcement of a strategic realignment, we would now like to inform all customers about the next concrete steps.

As part of the ongoing transformation, we have changed the name of our company.

We have recently started trading under the name Witzig & Frank - Pfiffner GmbH.

This change of name brings together what has long been closely linked in terms of expertise and technology, and creates a clear organizational structure for the future. For you as a customer of Witzig & Frank - Pfiffner GmbH, this means a strong, consolidated partner with combined expertise.

Existing agreements and contracts remain unaffected by the change of name and relocation of the registered office and remain valid without restriction. We kindly ask you to forward this information to your accounting and purchasing departments so that the relevant master data in your systems can be updated.

Please use our new company name **Witzig & Frank - Pfiffner GmbH** in all correspondence with immediate effect.

At the same time, we are in the process of relocating our production from Switzerland to Germany. In future, Hydromat machines will be manufactured at our Offenburg site. This consolidation will strengthen our industrial base, optimize processes, and create the conditions for the sustainable further development of our products.

Our commitment to quality, precision, and reliability remains unchanged. The Swiss engineering expertise built up over decades continues to flow into development and design – combined with efficient industrial implementation in Germany.

Swiss Precision. Made in Germany.

For you, this step means above all continuity and security for the future.

Your familiar contacts, ongoing projects, and our service and quality standards will remain unchanged. At the same time, we will ensure that we remain a reliable partner for your requirements in the long term.

We are available at any time to answer your questions or arrange a personal meeting.

We would like to thank you for your trust and look forward to continuing our journey together.

Kind regards from Offenburg

Witzig & Frank - Pfiffner GmbH
